### CLASS PLACEMENT & LEVELS

Placement is considered with the student's best interest in mind and is decided solely by the Directors with the advice and evaluation of current and former teachers.

Placement is based predominantly on level and secondly on age. A student may be with students slightly younger and/or slightly older. A student that is placed improperly, not having grasped and implemented basic technique, is being set up to fail. Arts education is based as much on the application as it is on the comprehension. It is not enough to merely understand the concepts but to learn to apply them both physically and mentally through continued repetition.

### DRESS CODE/MATERIALS

Dance Classes and Musical Theater Class require appropriate dance attire including leotard, tights and shoes. Students are encouraged NOT to wear their dance attire and shoes outside the school.

Drama Classes require comfortable clothing for classes. No Shorts, flip flops or open toed shoes allowed. Please bring a three ring binder with pen and paper to every class.

Music Classes require three ring binder for music and proper attire. No tank tops, flip flops or open toed shoes allowed. Piano and Drums are provided for private lessons. Guitar, Flute and Trumpet students are required to provide their own instrument.
